About Park Beekeeping

Park Beekeeping Supplies was founded in 1985 Godfrey Munro. Having become a hobbyist two years earlier he was soon fascinated by bees and beekeeping and wished to become more involved. The trading of equipment and giving advice when required was a natural progression.

From our base in Blackheath we supply and support beekeepers and hobbyists locally as well as nationally and across the globe. With the ability to offer everything necessary for individual and commercial activities.

We have always endeavored to innovate and bring new ideas to our range of products, from over a decade ago with our polystyrene Nucleus box that catered for three different hive systems to the redesign of the small extractor for the everyday hobbyist beekeeper. We always like to hear from our customers and try to develop our range to best suit their needs.

Now approaching our 30th year the family business continues to grow with our aim to supply the best equipment available and also provide the best advice we can to help beekeepers and the beekeeping community as a whole.

Bees & Queens

Italian	£35.00
Inc Postage	
Buckfast	£35.00
Inc Postage	
Langstroth 5 Frame Nucleus	£175.00
National 5 Frame Nucleus	£175.00
Deposit	£50.00

Bees

These are Nuclei we anticipate to be available, subject to weather, from the beginning of May. The bees are Buckfast strain and are supplied in a non returnable nucleus box.

Our Nuclei are COLLECTION ONLY from our store.
Unfortunately we cannot send bees.

The £50 is a deposit on the bees and the other £125 will be due upon collection.

Queens

Mated queens depending on the weather are usually available from early may until July/August.

Lingustica (Italian) queens have a good temperament and are particularly suitable for suburban locations

Beginners Kits

Assembled

W.B.C	£505.74
National	£315.74
Langstroth	£335.47

Commercial 16 x 6 Superthin	£7.00

Park Beekeeping proudly stock Kemble Bee Supplies beeswax foundation.

KBS foundation is the best foundation you can buy. Consistently produced foundation sheets with a bright golden colour and with the natural sweet aroma of light beeswax. Good quality cappings wax and calendar the extruded sheet before it is milled. The resulting foundation sheets are more pliable and seem to be more appreciated by the bees.

You can buy KBS Foundation Online or visit our store.

Delivery & Returns

Delivery

Orders are usually sent the same day, but delays may occur at the height of the season or if an item is out of stock.

If an item is out of stock or not available for other reasons, we will send what is available and you will not incur additional delivery charges as a result.

There may be additional charges for some heavy or bulky items destined for Northern Ireland, the Scottish Highlands, the Isle of Man or other off-shore Islands which form part of the United Kingdom

Glass Jars are sent at the consignees own risk. Neither we or the Carrier can accept responsibility for any breakages.

Returns & Refunds

Goods may be returned by prior agreement

provided they are undamaged and proof of purchase if necessary is provided. Gift Vouchers may be exchanged for goods but otherwise are non refundable. Delivery charges will not be reimbursed unless they were found to be faulty or incorrect. We are unable to refund or exchange Personalised Labels if they have been approved beforehand.

Postage Costs

Royal Mail 1st Class - Orders Below 2kg £2.50 - £8.00

Next Business Day Courier

- Orders Between 2kg & 10kg £9.60

- Order Between 10kg & 20kg £9.60 - £20.00

Bulk and Association Orders

If you have a requirement for a large quantity of a specific item or a mass of equipment we are very happy to advise and provide a quote accordingly.

For Associations ordering large volumes we are able to quote and offer a discounts accordingly.

All prices include VAT and we reserve the right to amend prices without notice.
